The Friends of Keele are a wide range of people brought together by a common interest in the ongoing promotion, support and development of Keele University.

Since their launch in 1984, the members of Friends of Keele have enjoyed an annual programme of informative and social events.

The Friends of Keele effectively promote the University to many individuals and organisations throughout the region and encourage their interest in Keele’s activities and future plans.

The strategic shape and direction which the University will take in the coming years is exciting and distinctive. By becoming a Friend of Keele you will be an active part of the University as it continues to grow as one of the world’s leading open, integrated intellectual communities.
Membership

Events

We arrange a programme of social events throughout the year, many of which are exclusively for Friends of Keele and their guests. These occasions are centred on Keele and often involve high profile national speakers and performers.

As well as the larger public lecture, the Friends of Keele have also launched a Mini Lecture Series held in the private Raven Mason Suite.

The Friends’ social programme also includes a number of cultural events as well as the opportunity to learn more about developments within teaching and research at Keele University.

The Friends of Keele AGM provides the ideal platform to regularly update members on Keele’s goals and achievements.

See the Friends of Keele Events Brochure and our website for more details.
