Guidance on working in the UK for Non-European Economic Area Nationals

Non-EEA Nationals wishing to come to work in the UK through Tier 1 (Highly Skilled Workers) or Tier 2 (General) of the Points-Based Immigration System will be required to obtain a minimum number of points. Points are awarded for sponsorship, qualifications, prospective earnings, maintenance/funds and English language skills. In addition, those coming through Tier 2 will also require a Certificate of Sponsorship from their prospective employer.

If you wish to come to the UK through Tier 1 or Tier 2 please visit the following link –

<http://www.ukba.homeoffice.gov.uk/pointscalculator>

Please undertake the points assessment before you submit your application to check whether you are likely to be able to claim the necessary points to apply for permission to enter/remain in the UK.

Please note if you hope to come to the UK through Tier 2, when undertaking the assessment you will be asked 'Do you have a certificate of sponsorship from your sponsor?' In order to complete the assessment you will need to assume that the University would be able to issue you with a Certificate of Sponsorship to allow you to respond 'yes' to this question.

Please retain a copy of your on-line assessment as the University will ask to see this and will ask you to provide the necessary evidence, should you be offered a post.
