Keele Mentors

2012 / 13

Do something amazing ...
have a Keele Mentor

Keele Mentors

Do something amazing

We are very happy to welcome you to Keele University and we hope you will enjoy your time here. Coming to University is a life changing experience. Most of these changes are experienced as very positive ones, but such a big change can bring with it some challenges. Our peer mentoring scheme aims to help you manage these challenges.

Everyone will experience the transition to University in different ways:

- You might be the first person in your family to go to university.
- You might be returning to education after some years.
- You might not know anyone else coming to Keele
- You might be a new student to the UK, and not just to Keele University

Even if you feel relatively comfortable about starting University, you still might want a point of contact and someone who you can ask questions before you arrive at Keele and during the time you're finding your feet and settling in to University life.

Keele Mentors are here to answer your questions and help you settle into your new life at Keele University. Keele Mentors are currently available to new undergraduate students in the following Schools:

- Chemistry
- Computer Science and Mathematics
- Criminology and Sociology
- Educational Studies
- Life Sciences
- Management
- Medicine
- Nursing and Midwifery

If you are an international student, a student aged 21 or over, a student leaving care or if you have already had a Keele E-Mentor you can also have a Keele Mentor.

Keele Mentors

. Have a Keele Mentor

To apply for a mentor, just complete the online registration form at:

<http://tinyurl.com/d4784pk>

We will try to match you to a mentor from your School or to someone with similar interests. They will contact you by email before you arrive at Keele so you can ask them any questions you have. Then when you arrive at Keele you can meet them at the Mentor Launch Event on Wednesday 26th September. They will be there for you during your first weeks and months at Keele, to show you round and give you advice about being a Keele student.

This is a great chance to find out more about studying at Keele from someone who has just experienced this themselves. They will be able to share with you their tips to get the best out of your time at Keele, what to get involved in, where to go both on and off campus. They will be here for you throughout your first year or for as long as you need their advice and support.

Applying for a mentor is easy. Just complete the online registration form.

If you have any problems accessing or completing the form please email us at mentors@keele.ac.uk

It is best to apply as soon as possible so that we can match you to your mentor preferably by Friday 14th September. However we will also accept applications throughout your first year if you change your mind.
