

# CSL Floor 3. CSL 3.104 PC laboratory .

COVID capacity 81 using all zones

- Bench: frame construction 6m x 1.6
- Not fixed in position
- Position has some dependence on floor plug points
- Built in Cable Management runs top-bottom
- 12 PC/bench, 6/side
- Each PC position uses 1m space
- Originally spaced equally, however Zone B was moved to put more separation from C (encroach on A) for Sem2
- Not enough space for 2m separation

Capacity: 81 PC and 87 remote access PC

# Distancing Measures

- PPE will need to be used (zero tolerance for non compliance)\*
- Every other PC has had keyboard, monitor, and mouse removed but is still powered and networked for remote access
- Desks taped to indicate non use zones
- Chairs removed for distancing
- COVID signage to indicate sitting positions

\*Exemptions may apply
