
Health Library for North Staffordshire Newsletter

Issue 9, January 2024

Welcome

Welcome to the Health Library for North Staffordshire newsletter. And welcome to January 2024! Read on to learn more about how we can support you. Find out about the latest activities at the library and our recent blog posts.

Looking at the print version? Please [see our website](#), or scan the QR code to access the online version with all the links.

Library Search Accounts

Library Search provides the library catalogue which includes all the books in the collections held at the Health Library (CEC), Campus Library and Health Library at County. Keele staff and students log in for account features using their Keele email address and password. NHS staff have a different log in.

We have recently updated our instructions for NHS staff logging in to Library Search - [check out the steps to follow here](#). And here are [5 things you can check on your Library Search account](#).

Look after your self this Winter

Make sure you take care of yourself this winter. [Here are a few ways the Health Library can help](#).

What did you learn this #KNOWvember?

We published a number of blog posts during #KNOWvember to highlight Health Library resources which support professional development and enhance clinical knowledge. You can learn more [by reading our summary blog post](#).

Hot Topics!

Have you been reading our [new series of blog posts Hot Topics!](#)? These are based on a particular disease or condition in the news. You'll find the latest up-to-date guidelines, recommendations and reviews to deliver best practice and support your patients.

Journal of the Week

We're running a new promotion during 2024 to highlight some of the fantastic journals that we subscribe to for you. But what are journals and why do you need them? Read [this blog post to find out](#). Find out which journals we have already included in [our Journal of the Week series](#).

World Aids Day

World AIDS Day is celebrated every year on 1st December to unite people across the world in the fight against HIV and AIDS. [Read our blog post](#) for library-related resources supporting this topic.

Cervical Cancer Prevention Week

According to Jo's Cervical Cancer Trust, every day in the UK nine women are diagnosed with cervical cancer and two lose their lives to it. The Health Library offers numerous resources related to this topic. [Read our blog post to learn more](#).

Highlights of 2023

As it is the start of a new year, here is a look back to some of the content we have published on our blogs.

Health Library Showcase

We developed our Health Library showcase to help new students and staff to get to grips with library facilities, services and resources:

- [Check the Health Library Showcase for Keele Students](#)
- [Just started working in the NHS at UHNM? You need the Health Library Showcase for UHNM staff](#)

New etutorial: 10 steps to creating patient information

We have developed a new etutorial: [New tutorial! 10 steps to creating patient information](#)

What did you learn during Health Information Week?

Health Information Week ran at the beginning of July. [What did you learn during Health Information Week? Here's a quick summary...](#)

Make the most of OrthoEvidence
