Sneyds of Keele Hall, Staffordshire

Uncalendared family papers

Deeds

General schedules of deeds, abstracts of title, lists 1-2

Deeds: Abbey Hulton to Keele 2-101

This list supersedes the summary list of the Sneyd Papers issued by the John Rylands Library, Manchester, in November 1950. It classifies the material and allots a permanent reference number to each item.

The Sneyd Papers were at Keele Hall after the Second World War, when they were purchased by Mr Raymond Richards, of Gawsorth, from Col. Ralph Sneyd (1863-1949), the family's last direct descendant. After adding the rescued papers to his collection Mr Richards placed the bulk of it in the John Rylands Library, on deposit. The University of Keele (then the University College of North Staffordshire) purchased most of the collection in 1957 and the Sneyd Papers therefore returned to Keele, where they are now housed in the University Library.

From the time of the Civil War the accumulation has had its ups and downs and damage in terms of actual losses (particularly in the map department) accounts for a noticeable imbalance. Over the years fairly extensive disturbance has resulted in fragmentation of the archive and the number of items listed in isolation is consequently high. It is possible that some items now incorporated with the family papers were collected by the Rev. Walter Sneyd (1809-88). One or two items which appear to be forgeries may have been produced by him, or they may have been sent to him by equally light-hearted antiquarian friends.

As far as the personal correspondence is concerned the letters listed are those which survive singly or in numbers too small to justify separate calendaring. The bulk of the personal correspondence - to Ralph Sneyd (1793-1870) - will continue to be calendared. Except where quoted the spelling of the surname has been standardized.

This list omits a quantity of music (mostly of the nineteenth century), original watercolours and drawings, and some items of uncertain

provenance. This material will be noted in supplementary lists. Lists of parts of the accumulation deposited by the family's local solicitors are available in the Search Room in the University Library.
