2023 Annual Round-up

3606 patients screened

677 patients consented

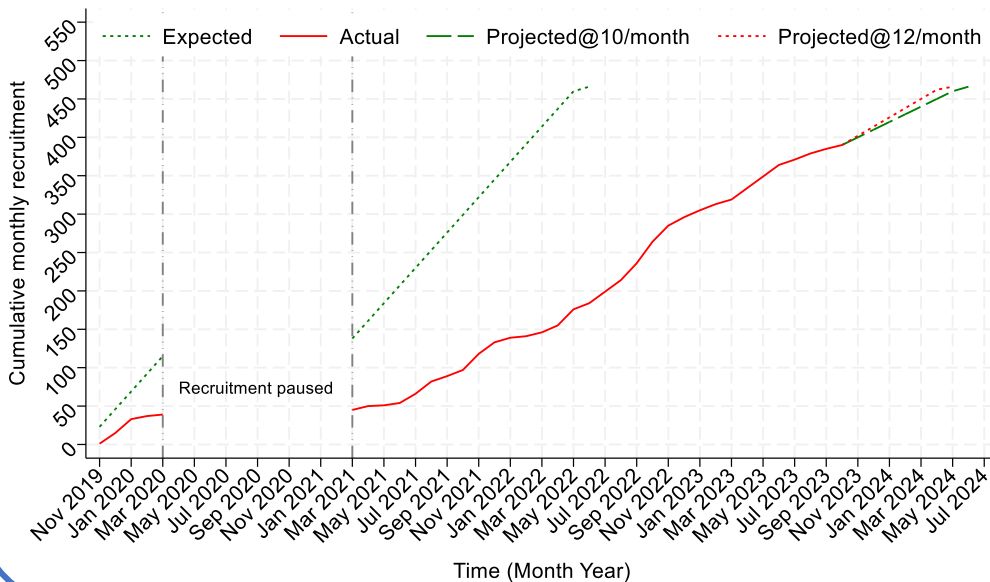

417 patients randomised

A message from the Chief Investigator, Prof. Abhishek

"I would like to thank colleagues at all participating practices for supporting the T2T study. I am fully aware that this was in addition to the usual NHS responsibilities and I am grateful to everyone for their work on the trial. Wishing you a happy new year."

Recruitment Progress

If you have any new patients or patients recently diagnosed with gout, please let them know about the T2T trial and if they would like to take part signpost them to contact Keele Clinical Trials Unit.
