

BMJ Case Reports

What is it?

BMJ Case Reports is an online journal, offering reports of cases covering a wide range of healthcare-related disciplines. Cases include common and rare conditions as well as offering new learning objectives. All cases are peer-reviewed.

The Health Library subscription includes the opportunity for you to submit your own case report.

How to Access...

BMJ Case Reports is available to UHNM staff only. You can view full-text reports by logging in with your NHS OpenAthens username.
