Keele University

**BRIDGING
THE GAPS**

We aim to alleviate barriers to cross disciplinary research and establish long term collaborations between departments.

INITIATIVE

We to aim to encourage multi-disciplinary research between departments by initiating new, long-term collaborations between cross disciplinary researchers by supporting innovative approaches to collaboration between disciplines.

SUPPORT
Providing funding for new collaborations between our faculties

WHAT WE DO

Provide the support and the opportunity to initiate new cross disciplinary collaborations

Funding

Workshops

Meetings

Advice

Eligibility

- There must be at least two applicants, representing at least two disciplines (which could be within the same Faculty).
- Applicants must be Keele University academic or research staff.
- Priority will be given to applications from new collaborations and to those who have attended a Bridging the Gaps event.

Available Funding

- Up to £3,000 per project.
- Additional funds are available for travel and events/meetings.

Submission Process

- Applicants should submit a BTG Funding Application form to Maria Kyriacou (m.kyriacou@istm.keele.ac.uk).
- Applications may be submitted at any time.
- For advice on the process, or help with identifying possible collaborators in other disciplines, contact Maria Kyriacou, or a member of the project's Executive Board.
